SUBJECT: Approval for a 5th Extension of the Compliance Schedule for the West Central Landfill, Facility No. 45-AA-0043, Shasta County

Dear Ms. Serio:

I have received and considered your agency's March 30, 2016 request to extend the compliance schedule by an additional 12 months beyond the one year period previously granted by the Local Enforcement Agency (LEA) for the West Central Landfill, a facility on the Inventory of Solid Waste Facilities Which Violate Statement Minimum Standards.

Title 14, California Code of Regulations (CCR), Section 18365 provides that CalRecycle may grant a one-year extension beyond the two years of inclusion on the Inventory upon the completion of three milestones.

CalRecycle acknowledges that the LEA has issued a revised Solid Waste Facility Permit (SWFP) to expand the permitted facility boundary; that additional perimeter monitoring probes have been installed in the expanded boundary to replace MP-2, and that statistical analysis of gas monitoring logs demonstrates a significant downward trend in methane concentrations in the two remaining non-compliant monitoring probes.

Therefore, I hereby approve your request for the extension of the compliance schedule until **August 25, 2016**.

Future extensions will not be granted without a demonstration of good faith effort, extenuating circumstances, and submittal of a new remediation plan.

Within 30 days of receipt of this approval, please forward to CalRecycle a copy of the updated compliance schedule which includes milestone dates designed to monitor progress and ensure that compliance is achieved in a timely manner.

Thank you for your work in the matters of the West Central Landfill and in your commitment to partnership with CalRecycle staff. If you have questions regarding this letter, please contact Jon Whitehill, Supervisor, Inspections and Enforcement Agency Compliance Unit, at (916) 341-6403 or at Jon.Whitehill@CalRecycle.ca.gov .
