- June 22 – Rigid Plastic Packaging Container (RPPC) Regulations Workshop, Department Staff Contact: Kathy.Marsh@CalRecycle.ca.gov
- October 18 - Update from the University of California, Berkeley on the Development of a Model Integrated Waste Tire Management Plan Framework for the State of Baja California, Mexico, Department Staff Contact: Sally.French@CalRecycle.ca.gov

E. PUBLIC COMMENT

Members of the public will be afforded the opportunity to make any general comments regarding CalRecycle's Programs and related activities.

NOTES:

Decisions made in the past 30-45 days - Decisions listed have been made by the Director or the delegated official within the last 30-45 days. Copies of the decision documents and, when appropriate, supporting staff reports and/or other materials can be accessed from the CalRecycle web.

Pending Decisions - Program staff will provide a status report for decisions that are anticipated to be made within the next 30 days; some of these may be delegated by the Director to a Deputy Director or Branch Chief. Decisions will not be made during the meeting on the items being discussed. Members of the public who have an interest in an item under consideration and who wish to provide oral comments will be given time to speak. If comments received during the meeting indicate controversy regarding the proposed item or call into question one or more of the findings the Department must make to approve the proposed decision, the Director may choose to review all the information regarding this determination before it is made and may hold an additional public meeting if that is determined to be necessary before making the determination.

Status Report - Program staff will provide updates on ongoing projects and other work activities currently under way. Staff will receive public comments on these work efforts. Activities that may be discussed include but are not limited to local planning documents, regulatory efforts, grant and loan programs, contracts, and program development/implementation activities. Written materials associated with updates may not necessarily be developed.
