Request Date: April 14, 2015

Decision Subject: Issuance of a Minor Waste Tire Facility Permit for New Pride Corporation,
TPID No. 1103824

Action By: April 28, 2015

Summary of Request: This is a request that the Branch Chief approve the issuance of a Renewed Minor Waste Tire Facility Permit (WTFP) for New Pride Corporation, TPID No. 1103824, in Lancaster (Los Angeles County). Staff's findings and recommendations are provided relative to the proposed action.

Staff received an application for a Renewed Minor WTFP on October 2, 2014. The application was accepted as complete on October 30, 2014, and amendments to correct discrepancies and provide additional required information in the application package were received on October 28 and 30, 2014 and on March 4, 2015. The required action date was not extended, as allowed by Title 14 California Code of Regulations (14 CCR), Section 18424(b) because the changes to the application package were minor and did not significantly alter the nature of the application. Based upon the acceptance of the application, CalRecycle is required to act by April 28, 2015. The application was submitted prior to waste tire facility permitting regulation revisions became effective on October 29, 2014, so staff processed the application pursuant to the regulations in effect at the time the application was received. The existing minor WTFP includes an expiration date of May 11, 2015.

Recommendation: Based on our review of the submitted permit application package, staff recommends issuance of the Minor WTFP. The applicant has met all the necessary application requirements outlined in 14 CCR, Section 18431 pertaining to the issuance of a Minor WTFP renewal. The documents and analysis on which staff's findings are based are permanently maintained by the Waste Permitting, Compliance, and Mitigation Division.

Branch Chief Action: On the basis of the information, analysis and findings in the staff report attached to this Request for Action and staff recommendation, I hereby issue the Renewed Minor Waste Tire Facility Permit for New Pride Corporation, TPID No. 1103824.
