It is determined that the application package, received on July 11, 2016, conforms to applicable requirements of Title 14, California Code of Regulations (14 CCR), Section 18423 (b), and we are accepting the application package as complete.

Design or operations associated with the application package are not sanctioned until approved by CalRecycle staff; therefore, the waste tire count on-site must not exceed 4,999, including any altered tires or waste tire products greater than 1/4-inch nominal size. Within 180 days of accepting a completed application package, CalRecycle staff will determine whether to issue or deny a permit pursuant to 14 CCR, Section 18425.

Please note that correspondence related to this letter and for staff of the Permitting & Assistance Branch should be emailed to Dianne.Ohiosumua@calrecycle.ca.gov. Correspondence specifically for the attention of the Director of CalRecycle should be sent to the address on the letterhead.
