Please be advised that the Department of Resources Recycling and Recovery (CalRecycle), acting as the Solid Waste Enforcement Agency (EA) for San Luis Obispo County, has received and approved a RFI Amendment per Title 27, California Code of Regulations (27 CCR), Section 21665(c).

### Project Description

B. Goodrow, Inc. is an existing composting facility operating under a full Solid Waste Facilities Permit issued on September 5, 2012. The application package to amend the RFI requests the following change: allow for the colorization of woodchips at the site.

The EA finds that the proposed change is consistent with all applicable certified and/or adopted CEQA documents, is consistent with State Minimum Standards, and does not conflict with the terms and conditions in the current solid waste facilities permit. The EA approved the RFI Amendment on January 30, 2014.
